Attention to Detail. Attention to Life.

HELLO, MY NAME
IS HOLLY.

I HAVE PROBLEMS
WHEN I URINATE.

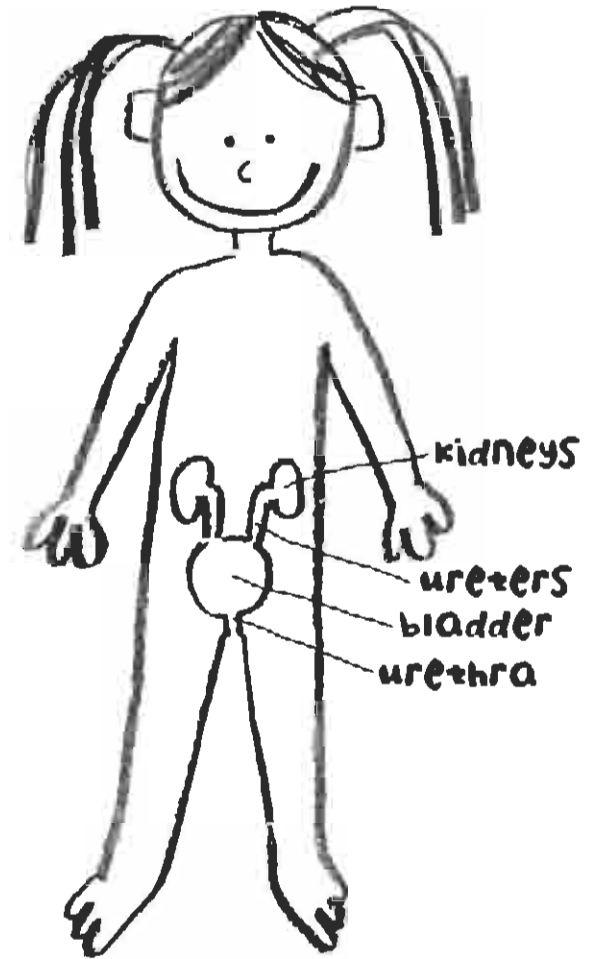

I USE A SPECIAL
LITTLE TUBE CALLED
A CATHETER

THAT MY NURSE
GAVE ME.

THIS IS A PICTURE OF
MY BLADDER, URETERS,
KIDNEYS AND URETHRA.

MY BLADDER IS LIKE A
BALLOON INSIDE ME
THAT STORES URINE.

Before I use
my catheter

I have to wash
my hands.

The catheter goes
in my urethra

and into my bladder
And lets out all
the urine.

when the urine
has stopped

I slide my
catheter out

And wash my
hands again.

Now that I've told
my story

I hope that you
will see

That you can use
your catheter

And be healthy
just like me.
